EURO VENEER

A Beautiful Color Palette of Nature...

Terra Opus Canvas

A Collection Crafted by Nature, Refined by Design

Explore a curated range of Terra and Opus Collections, veneers that bring together a rich palette of grains, tones and textures to create distinctive, characterful interiors. For those who seek something truly expressive, discover the Canvas Collection—our exploration of intricate marquetry, where the timeless beauty of wood is transformed into art through design and craftsmanship.

Extending across 8 × 4 ft and 10 × 4 ft formats, Euro Veneers are crafted for spaces where scale meets sophistication, allowing every grain and nuance of the wood to be appreciated in its fullest expression.

Canvas Collection

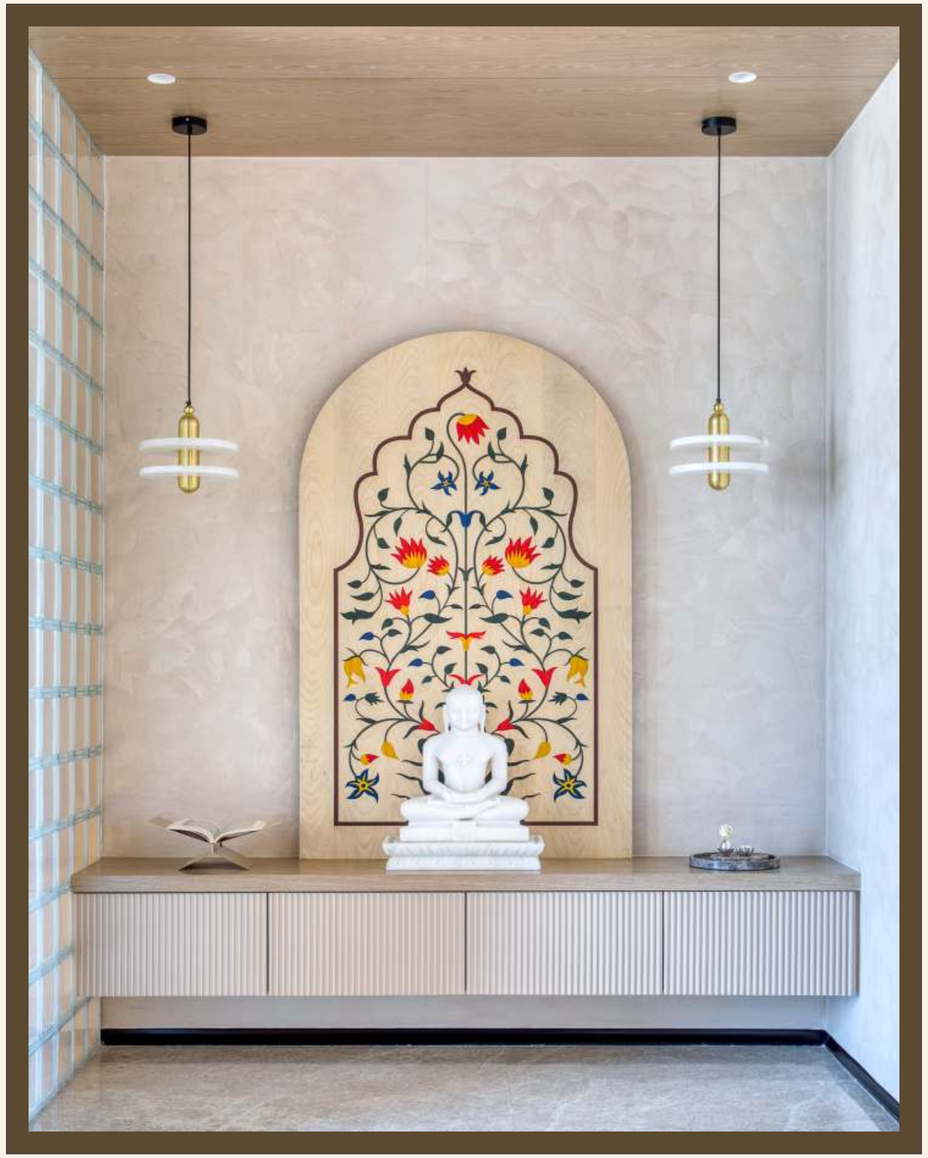

The Canvas Collection is a celebration of craftsmanship, creativity and the natural beauty of wood. Each design is meticulously handcrafted using carefully selected veneers, brought together through the timeless art of marquetry and parquetry.

From subtle compositions to intricate patterns, every piece transforms natural wood into a distinctive expression of design. The unique grain, tone and character of each veneer make every creation beautifully individual.

Our Canvas Collection is created for designers and architects who seek more than a surface — a statement, a story and a sense of artistry.

With the ability to customise patterns, compositions, colours and combinations, we bring your vision to life with precision and craftsmanship.

Your Vision. Our Craftsmanship. A Canvas in Wood.
